CUSTOM FRONT PANELS

Made to your exact specifications

We manufacture custom front panels in aluminium or steel, pre-punched and fully finished with all the apertures for mounting LEDs, displays, switches etc. The typical minimum order quantity for a custom front panel is 10 pieces depending upon the size of the panel.

Options available:

- CNC punching of holes and cut-outs
- Drilling and tapping
- Fitting of inserts, studs and earth tags
- Linishing of aluminium panels for a blemish free finish
- Natural and colour anodising
- Powder or wet painting in your required colour
- Photo quality CMYK digital printing
- Engraving of control legends for heavy duty applications.
